We are very proud that our students have got an excellent feedback from the recruiters about the conduct, discipline, the outstanding communication and interpersonal skills.

Ever since the inception of the institution, our Para- Academic programme popularly known as the Finishing School, has been running as a parallel curriculum. This programme serves effectively to groom students in attitude and communication skills. The PITS Finishing School curriculum is unique in its own way. It has been designed for all-round development – Body, Mind & Spirit. Sessions like Movie Classes, Singing classes, Group Discussion, Type writing, Talent Time, Newspaper reading, Aerobics, Silambam, Yoga, Paper Presentation, Panel Debates, Language lab classes, classes on Manners and Etiquette, Moral Values, Body language, Attitude to Success are taught to develop a good interpersonal skills for our students. Special stress is emphasized on English Communication skills and counseling classes from the first year. The greatest achievement of PITS is making everyone speak compulsorily in English!!!

PITS has been steadily improving its academic performance over the years. The revised, internal examination system is largely responsible for the tremendous improvement in university results. Weak students are spotted out for intensive coaching. Failed candidates are compulsorily made to re-write the exam till they pass the exams.

As part of new concept of learning, Video Classes are conducted for all classes. This academic year also Videos pertaining to syllabus were screened for all classes covering all units. Similarly, Technical Quiz Program was also conducted for the students of all classes during the revision hour. Quiz relating to the cycle test syllabus was conducted on regular basis for all. Mock Viva sessions are conducted twice in a semester to perform better in Practical Subjects.

We thank our faculty for their incredible dedication in shaping the future of the students with much care. We would like to place on record our most sincere gratitude to all the parents for their tremendous support and trust. We are also thankful to all our alumni and students for their enthusiasm. We thank all our well wishers for everything they have contributed to the journey. Our never-ending mission for Excellence continues into the next academic year. Today at this serene moment of Excelencia 2020 we are most glad to share our achievements with all present here. As we build upon our accomplishments, we thank you for your continuous support to us. Thank you one and all.

.....

Ever since the inception of the institution, our Para- Academic programme popularly known as the Finishing School, has been running as a parallel curriculum. This programme serves effectively to groom students in attitude and communication skills. The PITS Finishing School curriculum is unique in its own way. It has been designed for all-round development – Body, Mind & Spirit. Sessions like Movie Classes, Singing classes, Group Discussion, Type writing, Talent Time, Newspaper reading, Aerobics, Silambam, Yoga, Paper Presentation, Panel Debates, Language lab classes, classes on Manners and Etiquette, Moral Values, Body language, Attitude to Success are taught to develop a good interpersonal skills for our students. Special stress is emphasized on English Communication skills and counseling classes from the first year. The greatest achievement of PITS is making everyone speak compulsorily in English!!!

PITS has been steadily improving its academic performance over the years. The revised, internal examination system is largely responsible for the tremendous improvement in university results. Weak students are spotted out for intensive coaching. Failed candidates are compulsorily made to re-write the exam till they pass the exams.

As part of new concept of learning, Video Classes are conducted for all classes. This academic year also Videos pertaining to syllabus were screened for all classes covering all units.

Similarly, Technical Quiz Program was also conducted for the students of all classes during the revision hour. Quiz relating to the cycle test syllabus was conducted on regular basis for all. Mock Viva sessions are conducted twice in a semester to perform better in Practical Subjects.

We thank our faculty for their incredible dedication in shaping the future of the students with much care. We would like to place on record our most sincere gratitude to all the parents for their tremendous support and trust. We are also thankful to all our alumni and students for their enthusiasm. We thank all Our well wishers for everything they have contributed to the journey. Our never-ending mission for Excellence continues into the next academic year. Today at this serene moment of Excelencia 2019 we are most glad to share our achievements with all present here. As we build upon our accomplishments, We thank you for your continuous support to us. Thank you one and all.

SPORTS

Sports includes all forms of competitive physical activity or games which are evident through casual or organized participation. Physical ability and skills are maintained or improved while providing enjoyment to participants, and in some cases, entertainment for spectators. PITS is one of the very few institutions to have an extensive sporting facility like Boxing, Fencing, Swimming, Silambattam, Cricket, Football, Hockey, Volleyball, Lawn tennis, Roller-skating, Beach volleyball, Archery, Rifle shooting, Ball badminton, Kabadi, Kho-kho and Basketball. PITS Students Centre is a large in-door facility for Billiards, Table tennis, Gyms, carom, chess, squash and badminton. All play fields and indoor facilities are flood-lit. PITS has no gender differentiation, both boys and girls rock together to bring the evergreen moments to our college with shields and medals. Let us listen to the awesome results!

PLACEMENT CELL 2017-2018

The placement cell of our college remains a boon to the Final Year Students who secure a job in their hands after their graduation. It has been effectively run by the Secretary of the Institution with an energized team. With their extra efforts of visiting corporate companies, recruiters come to PITS to take the deserving students. The Institute helps each student in exploring placement opportunities by inviting various companies for campus recruitment. The final placements, at the Institute, are a result of the very systematic interaction with the industry and of the continuous career counseling to the students. Right from the beginning of the training, students have been continuously counseled with regard to career aspirations and options, which in turn are vigorously followed up with the potential companies for participating in the placement program of the Institute. This not only helps the students in getting their 'dream' jobs but also assists the visiting placement companies in identifying the 'right' candidates for their organization.

The placement is governed by Placement guidelines:

- Preparation of Placement Brochure for final placement.
- Communication, networking and relationship building with the potential recruiters
- Invitation to potential recruiters to visit the Institute.
- Grooming and training of the candidates for the placements so that their chances of selection increase.
- General follow-up, joining formalities and other administrative activities.

1. The first On Campus Placement Drive for the current academic year was conducted by IDBI FEDERAL on the 24th & 25th of July 2017 in which 30 of our students are placed.

2. Again another On Campus Placement Drive was conducted by AMERICAN MEGATRENDS on 13th September 2017.

We are very proud that our students have got an excellent feedback from the recruiters about the conduct, the discipline, the outstanding communication and interpersonal skills

Personality development and communication skill program have been conducted for their intellectual growth and also to inculcate the professional full Energy and Passion.

A Finishing school is defined as "a private school for students that emphasizes training in all round personality development, cultural and social activities. We aim to provide students with a foundation in all aspects of social etiquette and protocol, entertaining and lifestyle appreciation. PITS Finishing School teaches etiquette training in all aspects of modern living from dining-table etiquette and body language, personal grooming, cleanliness, attitude, events management, Effective Communication, team work. It believes that a polished image and great personality are made up of four pillars - grace, elegance, strength and confidence.

Progress of an Institute depends mainly on performance of the students in academics, sports and cultural activities along with maintaining high values and ethics. We are Proud to say that our students are improving in academics, sports and cultural activities. As far as the academic results are concerned a sustained growth in passing percentage in individual subjects are above 80% which helps us to reach greater heights.

“Technology is just a tool. In terms of getting the kids working together and motivating them, the teacher is the most important.” said Bill Gates. The faculty team reciprocates with their committed discharging of their responsibilities towards the weak students. They provide quality education by equipping our students with skills, confidence and a positive approach with an all round development to improve their academic results. At the same time we are relentlessly striving to perceive and maintain academic excellence and encourage the students to participate in various intensive coaching, resulting in tremendous pass percentage during the semester.

In this 10th year of journey, Words can neither qualify nor quantify our gratitude. We are forever grateful & privileged to be part of such a great institution that provides value-based technical education.

(CLOSING)

All these achievements were possible because of the commitment of all concerned, the management, teaching and non-teaching staff, student’s alumni, parents and well wishers have built a lasting foundation. Today- the moment of Excelencia 2018 “PITS of high degree” as envisioned by its founder, will continue to do the work of the future. We look forward to seeing

ANNUAL REPORT 2016-2017

Respected Chief Guest of this evening, Dr.V.Varadharajan, Former President of Tamilnadu Medical Council and Former Professor Thanjavur Medical College, Parents, well wishers and friends. We feel proud to present before you the 9th Annual Report for the academic year 2016-17. First, our heartfelt thanks and a warm welcome to our chief guest of this evening Dr.V.Varadharajan for accepting our invitation to grace this occasion. We are indeed very happy to have you amidst us.

At Parisutham Institute of Technology and Science, our path during the year 2016-2017 bettered our achievements over the past years. As a young institution that began its journey in 2008, we have been on rapid and consistent growth over the past nine years. In all these years, we have created a unique identity and culture for ourselves along with the values of excellence embodied in our mission. We have been excelling year after year in sports, games, academics and placements. So much of thought was invested into creating PITS infrastructure - Academic Infrastructure, Aesthetic Infrastructure, Recreational infrastructure, Sports infrastructure, Cleanliness infrastructure and Greenery infrastructure apart from the invisible infrastructure for developing Discipline, Punctuality, Attitude, Outlook and Spoken English communication skills.

As we grow 9 years old, we find ourselves enjoying the spirit and strength of our enthusiasm.Co-curricular activities have received an additional boost. It has been a year full of activities at PITS. We feel proud to present before you the happenings during 2016 and 2017.

On the co-curricular & extra-curricular activities front, PITS maintains a good phase in developing students.

Ever since the inception of the institution, our Para- Academic programme popularly known as the Finishing School, has been running as a parallel curriculum. This programme serves effectively to groom students in attitude and communication skills. The PITS Finishing School curriculum is unique in its own way. It has been designed for all-round development – Body, Mind & Spirit. Sessions like Movie Classes, Singing classes, Group Discussion, Type writing, Talent Time, Newspaper reading, Aerobics, Silambam, Yoga, Paper Presentation, Panel Debates, Language lab classes, classes on Manners and Etiquette, Moral Values, Body language, Attitude to Success are taught to develop a good interpersonal skills for our students. Special stress is emphasized on English Communication skills and counseling classes from the first year. The greatest achievement of PITS is making everyone speak compulsorily in English!!!

PITS has been steadily improving its academic performance over the years & has been securing one of the TOP rankings in the region. We have been achieving more than 90% passes in most of the individual subjects. Our over-all result rating is one of the highest in the region.

The revised, internal examination system is largely responsible for the tremendous improvement in university results. Weak students are spotted out for intensive coaching. Failed candidates are compulsorily made to re-write the exam till they pass the exams.

As part of new concept of learning, Video Classes are conducted for all classes. This academic year also Videos pertaining to syllabus were screened for all classes covering all units. Similarly, Technical Quiz Program was also conducted for the

PARISUTHAM INSTITUTE OF TECHNOLOGY AND SCIENCE
(Approved by AICTE, Affiliated to Anna University, Chennai, India)

students of all classes during the revision hour. Quiz related to the cycle test syllabus was conducted on regular basis for all.

Our never-ending quest for Excellence continues into the next academic year. Today at this serene moment of Excelencia 2017, we are most glad to share our achievements with all present here. As we build upon our accomplishments, We thank you for your continuous support to us. Thank you one and all.

ANNUAL REPORT 2015- 2016

Respected Chief Guest of this evening, Prof. Dr. R. Dhamodharan Parents, well wishers and friends.

We feel proud to present before you the 8th Annual Report for the academic year 2015-16.

First, our heart-felt thanks and a warm welcome to our chief guest of this evening for accepting our invitation to grace this occasion. We are indeed very happy to have you amidst us

At Parisutham Institute of Technology and Science, our path during the year 2015-2016 has bettered our achievements over the past years. As a young institution that began its journey in 2008, we have been on rapid and consistent growth over the past eight years. In all these years, we have created a unique identity and culture for ourselves along with the values of excellence embodied in our mission. We have been excelling year after year in sports, games, academics and placements. So much of thought was invested into creating PITS infrastructure - Academic Infrastructure, Aesthetic Infrastructure, Recreational infrastructure, Sports infrastructure, Cleanliness infrastructure and Greenery infrastructure apart from the invisible infrastructure for developing Discipline, Punctuality, Attitude, Outlook and Spoken English communication skills.

As we grow 8 years old, we find ourselves enjoying the spirit and strength of our enthusiasm. Co-curricular activities have received an additional boost. It has been a year full of activities at PITS. We feel proud to present before you the happenings during 2015 and 2016.

On the co-curricular & extra-curricular activities front, PITS maintains a good phase in developing students.

Ever since the inception of the institution, our Para- Academic programme popularly known as the Finishing School, has been running as a parallel curriculum. This programme effectively serves to groom students in attitude and communication skills. The PITS Finishing School curriculum is unique in its own way. It has been designed for all-round development – Body, Mind & Spirit. Moral and Social values, and good behavioral patterns are taught along with Yoga, Silambam and Aerobics. Special stress is emphasized on English Communication skills - panel debates, group discussion and sessions like singing classes, seminars, paper presentation, counselling classes, language lab classes and type-writing classes are part of this curriculum which starts right from the first year. The greatest achievement of PITS is making everyone speak compulsorily in English!!!

PITS is one of a very few institutions in India to have extensive sporting facilities. Boxing, Fencing, Swimming, Silambattam, Cricket, Football, Hockey, Volley ball, Lawn tennis, Roller-skating, Beach volleyball, Archery, Rifle shooting, Ball badminton, Kabaddi, Handball, Kho-kho, Campus jogging and Basketball are outdoor physical activity development schedules. PITS Students Centre has a large indoor facility for Billiards, Table-Tennis, Gyms, Carrom, Chess, Squash and Badminton (shuttle). All play- fields and indoor facilities are floodlit and all play- fields are grass-turfed. Women too participated in all these sporting activities in large number. And now we are proud to list our achievements in the field of sports.

We are very proud that our students have got an excellent feedback from the recruiters about the conduct, the discipline, the outstanding communication and interpersonal skills.

PITS has been steadily improving its academic performance over the years & has been securing one of the TOP rankings in the region. We are well within the top six in Trichy Anna University region. We have been achieving **more than 90%** passes in most of the individual subjects. PITS continues to get 100% result in Technical English which is very rare among Anna University colleges. Our over-all result rating is one of the highest in the region.

The revised, internal examination system is largely responsible for the tremendous improvement in university results. Weak students are spotted out for intensive coaching. Failed candidates are compulsorily made to re-write the exam till they pass the exams.

As part of new concept of learning, Video Classes are conducted for all classes. This academic year also Videos pertaining to syllabus were screened for all classes covering all units. Similarly, Technical Quiz Program was also conducted for the students of all classes during the revision hour. Quiz related to the cycle test syllabus was conducted on regular basis for all.

Our never-ending quest for Excellence continues into the next academic year. Today at this serene moment of Excelencia 2016, we are most glad to share our achievements with all present here. As we build upon our accomplishments, We thank you for your continuous support to us. Thank you one and all.
